

BotFusion: Making AI Work for Everyone

Bridging UK Innovation with Hungarian Expertise in AI Solutions

Welcome to BotFusion.co.uk

BotFusion.co.uk is a pioneering company based in the UK with Hungarian roots, dedicated to making artificial intelligence (AI) accessible and profitable for everyone. Our mission is to develop AI solutions that address real-world challenges by automating tasks, providing guidance, and saving precious time. At BotFusion, we strive to empower everyday users with cutting-edge technologies, including AI, chatbots, and automation.

Our Vision and Mission

Our goal is to establish BotFusion as one of the world's most recognized brands in AI-driven automation and chatbot services. We are committed to continuously developing, testing, and optimizing our systems to ensure our clients gain a competitive edge in every situation.

Why We Chose the Network Marketing Model

We selected the network marketing model because it allows us to deliver authentic value directly to individuals, bypassing costly advertising. The power of personal recommendation is more genuine than any paid campaign, which is why we focus on building a community that partners with us in our success. Network marketing is dynamic, rapidly scalable, and offers substantial opportunities for anyone eager to contribute. This model empowers individuals, even those without a business background, to generate significant income by recommending high-value AI products. We believe that the power of community and personal connections is one of today's strongest business engines.

The Unavoidable Opportunity of AI

Artificial intelligence is experiencing unprecedented growth, transforming work, communication, and income generation. Recognizing AI's potential early provides an advantage that can shape one's financial future for years. AI enhances productivity by

automating processes and making complex decisions. Joining an AI-based business early positions individuals at the forefront of a technological wave, where historically, the greatest profits have been realized.

The Future of the Global Chatbot Industry

Valued at billions of dollars, the chatbot market is one of the fastest-growing sectors in the tech industry. As businesses increasingly turn to automated solutions for customer service, sales, and marketing, the demand for chatbots continues to rise. With advancements in AI technology, chatbots are becoming more human-like, intelligent, and efficient. In the near future, chatbots will become essential for businesses of all sizes, reducing costs, increasing revenue, and enhancing customer experiences.

BotFusion's Future Growth

BotFusion's long-term vision extends beyond our current services. We aim to integrate our AI solutions into major social platforms like Facebook, Instagram, and TikTok. Our goal is to develop chatbots capable of responding to comments, messages, and inquiries, and even selling products directly through social media interactions. Future plans include creating fully automated customer service and sales systems, saving businesses significant time and costs. We also intend to build a network of AI-powered virtual assistants that can be integrated into websites, online stores, or social channels. BotFusion aspires to be a key global player in the chatbot and AI automation industry.

BotFusion Compensation Plan Hybrid Binary

Bridging UK Innovation with Hungarian Expertise in AI Solutions

Our compensation plan is one of the simplest in the world. We distribute 50% over 5 levels, with 10% paid on each level. There are no qualifications, no requirements, and no hidden costs. There are no sponsor restrictions, earnings are not capped, and you can recruit with unlimited width. You receive 10% from everyone in your network.

Packages:

Affiliate – \$9.99 -No bot, affiliate access only

Starter – \$49.99 -1 Bot

Pro – \$95.99 -3 Bots

Starter Yearly – \$499 -1 Bot Yearly payment

Pro Yearly – \$959 -3 Bot Yearly Paymen

Unilevel Structure

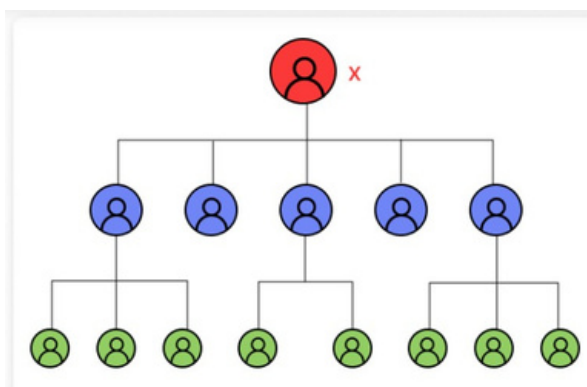

Level 1 – 10%

Level 2 – 10%

Level 3 – 10%

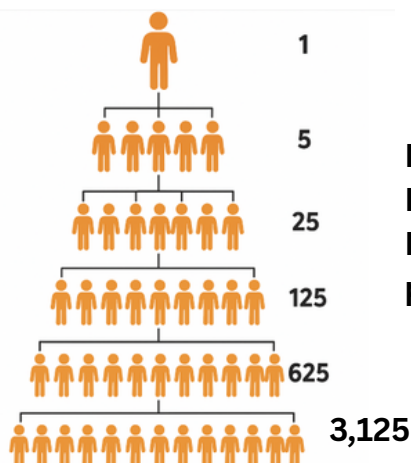

Level 4 – 10%

Level 5 – 10%

Example:

Let's look at an ideal scenario where everyone recruits 5 people. On your first level you have 5 people, on the second level 25, then 125, 625, and finally 3,125. That's a total of 3,905 subscriptions. If everyone only buys the basic package for \$49.99 per month, and you earn 10% from each person, that's \$19,485 per month. And of course, there are larger packages as well, and you're not limited to sponsoring only 5 people!

Minimum withdrawal: \$100

Payout period Monthly with manual request

Monthly packages are billed monthly, yearly packages are billed annually

Our vision is to continuously enhance our chatbots using the latest advancements in artificial intelligence. We aim to develop smarter, more adaptive bots that can seamlessly integrate into major social media platforms. In the future, our technology will be deployable directly into Facebook pages, allowing businesses to automate communication with unprecedented efficiency. We also plan to expand compatibility to WhatsApp, enabling instant support and engagement within the world's most widely used messaging app. Beyond this, our chatbots will be designed to connect with YouTube channels, supporting creators with automated interaction tools. Our long-term mission is to create a fully interconnected ecosystem where AI-powered chatbots can operate across every major digital platform. This evolution will allow users and businesses alike to benefit from faster communication, deeper engagement, and smarter automation.

We invite you to join us on this exciting journey as we revolutionize the AI industry and create a future where AI solutions are accessible and profitable for everyone.
